Votes: 158

Focusing on urban development and the influence of urbanization on industrialization, this volume reflects a radical rethinking of the traditional approaches to the development of cities.

Originally published in 1981.

The **Princeton Legacy Library** uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
