Advances in Intervertebral Disc Disease in Dogs and Cats. AVS Advances in Veterinary Surgery

Description: Advances in Intervertebral Disc Disease in Dogs and Cats defines our present knowledge of this common clinical problem, compiling information related to the canine and feline intervertebral disc into a single resource. As a comprehensive, focused work, the book is an authoritative reference for understanding and treating disc disease, providing a sound scientific and clinical basis for decision making. Offering an objective synthesis of the current literature, the book supplies guidance on the approach to a potential disc rupture, surgical and medical strategies, and management of the patient.

Offering a complete understanding of intervertebral disc disease, the book describes and discusses the controversies and issues surrounding this topic, acknowledging the gaps in our knowledge. Advances in Intervertebral Disc Disease in Dogs and Cats presents up-to-date, reliable information on this common condition for veterinary surgeons and general practitioners.

Key features
- Describes the current knowledge of disc disease in dogs and cats
- Provides a state-of-the-art, complete resource focused entirely on this common clinical problem
- Gives an objective picture of the controversies around intervertebral disc disease in canine and feline patients
- Presents evidence-based and clinically relevant information for understanding and treating intervertebral disc disease
- Offers clear clinical recommendations grounded in the current literature
- Part of the Advances in Veterinary Surgery series copublished with the ACVS Foundation

Contents:
Contributors viii

Foreword Rick LeCouteur xi

Foreword Mark D. Markel, American College of Veterinary Surgeons Foundation xiv

Preface xv

Acknowledgments xvii

Section I Intervertebral Disc Structure and Function 1

1 Embryology, Innervation, Morphology, Structure, and Function of the Canine Intervertebral Disc 3
John F. Innes and James Melrose

2 Biomechanics of the Intervertebral Disc and Why Do Discs Displace? 8
Lucas A. Smolders and Franck Forterre

3 Comparisons between Biped (Human) and Quadruped (Canine/Feline) Intervertebral Disc Disease 14
Niklas Bergknut, Franck Forterre, Jonathan M. Levine, Steven D. Lasser, and James M. Fingeroth

Section II Disc Disease: Degenerative and other Pathology 23

4 Historical and Current Nomenclature Associated with Intervertebral Disc Pathology 25
Jonathan M. Levine and James M. Fingeroth

5 What Do We Know about the Incidence of Disc Disease in Chondrodystrophoid Dogs? 32
William B. Thomas, James M. Fingeroth, and Ragnvi Hagman

6 Feline Intervertebral Disc Disease 36
