Algebraic and Discrete Mathematical Methods for Modern Biology

Description: Written by experts in both mathematics and biology, Algebraic and Discrete Mathematical Methods for Modern Biology offers a bridge between math and biology, providing a framework for simulating, analyzing, predicting, and modulating the behavior of complex biological systems. Each chapter begins with a question from modern biology, followed by the description of certain mathematical methods and theory appropriate in the search of answers. Every topic provides a fast-track pathway through the problem by presenting the biological foundation, covering the relevant mathematical theory, and highlighting connections between them. Many of the projects and exercises embedded in each chapter utilize specialized software, providing students with much-needed familiarity and experience with computing applications, critical components of the "modern biology" skill set. This book is appropriate for mathematics courses such as finite mathematics, discrete structures, linear algebra, abstract/modern algebra, graph theory, probability, bioinformatics, statistics, biostatistics, and modeling, as well as for biology courses such as genetics, cell and molecular biology, biochemistry, ecology, and evolution.

- Examines significant questions in modern biology and their mathematical treatments
- Presents important mathematical concepts and tools in the context of essential biology
- Features material of interest to students in both mathematics and biology
- Presents chapters in modular format so coverage need not follow the Table of Contents
- Introduces projects appropriate for undergraduate research
- Utilizes freely accessible software for visualization, simulation, and analysis in modern biology
- Requires no calculus as a prerequisite
- Provides a complete Solutions Manual
- Features a companion website with supplementary resources

Ordering:

Order Online - http://www.researchandmarkets.com/reports/3025297/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Algebraic and Discrete Mathematical Methods for Modern Biology
Web Address: http://www.researchandmarkets.com/reports/3025297/
Office Code: SCDKT4RO

Product Format
Please select the product format and quantity you require:

| Quantity              | Hard Copy (Hard Back): USD 105 + USD 29 Shipping/Handling |

* Shipping/Handling is only charged once per order.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
