This pdf constitutes the Version of Record published on 31<sup>st</sup> August 2020

### Abstract

A list of 804 plants endemic to Britain, Ireland and the Channel Islands is broken down by country. There are 659 taxa endemic to Britain, 20 to Ireland and three to the Channel Islands. There are 25 endemic sexual species and 26 sexual subspecies, the remainder are mostly critical apomictic taxa. Fifteen endemics (2%) are certainly or probably extinct in the wild.

**Keywords:** England; Northern Ireland; Republic of Ireland; Scotland; Wales.

### Introduction

This note provides a list of vascular plants endemic to Britain, Ireland and the Channel Islands, updating the lists in Rich *et al.* (1999), Dines (2008), Stroh *et al.* (2014) and Wyse Jackson *et al.* (2016). The list includes endemics of subspecific rank or above, but excludes infraspecific taxa of lower rank and hybrids (for the latter, see Stace *et al.*, 2015). There are, of course, different taxonomic views on some of the taxa included.

Nomenclature, taxonomic rank and endemic status follows Stace (2019), except for *Hieracium* (Sell & Murrell, 2006; McCosh & Rich, 2018), *Ranunculus auricomus* group (A. C. Leslie in Sell & Murrell, 2018), *Rubus* (Edees & Newton, 1988; Newton & Randall, 2004; Kurtto & Weber, 2009; Kurtto *et al.* 2010, and recent papers), *Taraxacum* (Dudman & Richards, 1997; Kirschner & Štěpánek, 1998 and recent papers) and *Ulmus* (Sell & Murrell, 2018). *Ulmus* is included with some reservations, as many taxa are largely vegetative clones which may occasionally reproduce sexually and hence may not merit species status (cf. Stace, 2019). There are two recent endemics described from Scotland, *Alchemilla sciura* and the diploid *Dryopteris affinis* subsp. *cluthensis* (Lynes, 2019; Church *et al.*, 2019). Two recently-described Scottish *Alchemilla* endemics (Hogarth, 2020) require valid publication before being accepted.

I differ from Stace (2019) in recognising *Cochlearia atlantica* but not accepting *C. micacea* or *C. officinalis* subsp. *scotica*, or *Anthyllis vulneraria* subsp. *corbierei* which is simple genetic variation (Rich, 2006). *Dryopteris kerryensis* is here accepted at species rank and *Sorbus avonensis* is now also treated as a species as the population forms a distinct clone in the Avon Gorge of about 42 individuals (L. Houston, unpublished data, pers. comm. 2020).

The political regions to which species are endemic are given to indicate geographic responsibilities and priorities; these are Channel Islands, England, Isle of Man, Scotland or Wales or for any combination of these as Britain, and Northern Ireland or the Republic of Ireland or where both as Ireland, and where in both Britain and Ireland as Britain & Ireland. Fifteen endemics are certainly or probably extinct in the wild but there is little recent data for many other taxa which could also be extinct.

The list is given in Appendix 1 and the number of taxa endemic to each region is summarised in Tab. 1. The endemics are mostly critical apomictic taxa; *Alchemilla* (2), *Dryopteris* (1), *Hieracium* (332), *Limonium* (12), *Ranunculus auricomus* group (58), *Rubus* (194), *Sorbus* (38) and *Taraxacum* (53). There are 25 sexual species and 26 sexual subspecies.

**Table 1. Number of endemics in each region**

<b>Geographic Region</b>	<b>No. endemics</b>	<b>Total</b>
Channel Islands	3	
England	287	
Isle of Man	0	
Scotland	189	
Wales	59	
Britain	121	
<b>Total for Britain</b>		<b>659</b>
Northern Ireland	0	
Republic of Ireland	14	
Ireland	6	
<b>Total for Ireland</b>		<b>20</b>
Britain & Ireland	125	
<b>Overall Total</b>		<b>804</b>

**Appendix 1. List of vascular plants endemic to Britain, Ireland and the Channel Islands broken down by country.**

Species	Distribution summary
<i>Alchemilla minima</i>	England
<i>Alchemilla sciura</i>	Scotland
<i>Arenaria ciliata</i> subsp. <i>hibernica</i>	Ireland
<i>Arenaria norvegica</i> subsp. <i>anglica</i>	England
<i>Bromus interruptus</i>	England (Extinct)
<i>Calamagrostis scotica</i>	Scotland
<i>Centaurium intermedium</i>	England
<i>Centaurium tenuiflorum</i> subsp. <i>anglicum</i>	England but further studies in NW Europe required
<i>Cerastium fontanum</i> subsp. <i>scoticum</i>	Scotland
<i>Cochlearia atlantica</i>	Britain & Ireland
<i>Coincya monensis</i> subsp. <i>monensis</i>	Britain
<i>Coincya wrightii</i>	England
<i>Cotoneaster cambricus</i>	Wales
<i>Dactylorhiza incarnata</i> subsp. <i>coccinea</i>	Britain & Ireland but further studies in NW Europe required
<i>Dactylorhiza incarnata</i> subsp. <i>gemmana</i>	Britain & Ireland but further studies in NW Europe required
<i>Dactylorhiza incarnata</i> subsp. <i>pulchella</i>	Britain & Ireland but further studies in NW Europe required
<i>Dactylorhiza kerryensis</i>	Republic of Ireland
<i>Dactylorhiza traunsteinerioides</i>	Britain & Ireland
<i>Dryopteris affinis</i> subsp. <i>cluthensis</i>	Scotland
<i>Dryopteris kerryensis</i>	Britain & Ireland
<i>Epipactis dunensis</i>	Britain & Ireland
<i>Epipactis sancta</i>	England
<i>Erythranthe peregrina</i>	Scotland
<i>Euphrasia cambrica</i>	Wales
<i>Euphrasia campbelliae</i>	Scotland
<i>Euphrasia heslop-harrisonii</i>	Scotland
<i>Euphrasia marshallii</i>	Scotland
<i>Euphrasia officinalis</i> subsp. <i>anglica</i>	Britain & Ireland
<i>Euphrasia pseudokernerii</i>	Britain & Ireland
<i>Euphrasia rivularis</i>	Britain
<i>Euphrasia rotundifolia</i>	Scotland
<i>Euphrasia vigursii</i>	England
<i>Fumaria capreolata</i> subsp. <i>babingtonii</i>	Britain & Ireland
<i>Fumaria occidentalis</i>	England
<i>Fumaria purpurea</i>	Britain & Ireland
<i>Gentianella amarella</i> subsp. <i>anglica</i>	Britain
<i>Gentianella amarella</i> subsp. <i>occidentalis</i>	Wales
<i>Helianthemum oelandicum</i> subsp.	England

<i>levigatum</i>	
<i>Geranium purpureum</i> subsp. <i>forsteri</i>	England and Channel Islands
<i>Gymnadenia borealis</i>	Britain & Ireland but further studies in NW Europe required
<i>Herniaria ciliolata</i> subsp. <i>ciliolata</i>	England and Channel Islands
<i>Herniaria ciliolata</i> subsp. <i>subciliata</i>	Channel Islands
<i>Hieracium acamptum</i>	England (Extinct)
<i>Hieracium aequiserratum</i>	England
<i>Hieracium aggregatifolium</i>	Scotland
<i>Hieracium aggregatum</i>	Scotland
<i>Hieracium amaurostictum</i>	Scotland
<i>Hieracium amnicola</i>	England
<i>Hieracium ampliatforme</i>	England
<i>Hieracium ampliatum</i>	Britain & Ireland
<i>Hieracium amydrostictum</i>	Scotland
<i>Hieracium anfractiforme</i>	Scotland
<i>Hieracium anglicum</i>	Britain & Ireland
<i>Hieracium anglorum</i>	Britain
<i>Hieracium anguinum</i>	Britain
<i>Hieracium angustatiforme</i>	Wales
<i>Hieracium angustisquamum</i>	Britain & Ireland
<i>Hieracium apheles</i>	Wales
<i>Hieracium aphyllopodioides</i>	Scotland
<i>Hieracium apiculatidens</i>	England
<i>Hieracium argentatum</i>	Republic of Ireland
<i>Hieracium argentiforme</i>	Scotland
<i>Hieracium argutifolium</i>	Britain & Ireland
<i>Hieracium aristidens</i>	Scotland
<i>Hieracium armadalense</i>	Scotland
<i>Hieracium arnsidense</i>	England
<i>Hieracium arranense</i>	Scotland
<i>Hieracium arvonense</i>	Wales
<i>Hieracium ascendentidens</i>	Scotland
<i>Hieracium asteridiophyllum</i>	Wales
<i>Hieracium atriglandulosum</i>	Scotland
<i>Hieracium attenboroughianum</i>	Wales
<i>Hieracium attenuatifolium</i>	Scotland
<i>Hieracium auratiflorum</i>	Britain
<i>Hieracium australius</i>	Scotland
<i>Hieracium backhousei</i>	Scotland
<i>Hieracium bakerianum</i>	England
<i>Hieracium basalticola</i>	Ireland
<i>Hieracium basicrinum</i>	Scotland
<i>Hieracium beebyanum</i>	Britain & Ireland
<i>Hieracium benhopense</i>	Scotland
<i>Hieracium bettyhillense</i>	Scotland

<i>Hieracium boreoanglicum</i>	Britain
<i>Hieracium boswellii</i>	Britain
<i>Hieracium breacense</i>	Scotland (Extinct)
<i>Hieracium breadalbanense</i>	Scotland
<i>Hieracium breconense</i>	Wales
<i>Hieracium breconicola</i>	Wales
<i>Hieracium breve</i>	Scotland
<i>Hieracium brigantum</i>	England
<i>Hieracium britanniciforme</i>	Britain
<i>Hieracium britannicoides</i>	Wales
<i>Hieracium britannicum</i>	England
<i>Hieracium cacuminum</i>	Wales
<i>Hieracium caesiopilosum</i>	Britain
<i>Hieracium caesitium</i>	England
<i>Hieracium caledonicum</i>	Scotland
<i>Hieracium calenduliflorum</i>	Scotland
<i>Hieracium callistophyllum</i>	Scotland
<i>Hieracium calvum</i>	Scotland
<i>Hieracium cambrense</i>	Britain
<i>Hieracium cambricogothicum</i>	Wales (Extinct)
<i>Hieracium cambricum</i>	Wales
<i>Hieracium camptopetalum</i>	Scotland
<i>Hieracium candelabrae</i>	England
<i>Hieracium cantianum</i>	England
