To the editor:

It was my pleasure that I have published paper in your prestigious journal *Annals of Coloproctology* with title "Synthetic Versus Biological Mesh-Related Erosion After Laparoscopic Ventral Mesh Rectopexy: A Systematic Review." Unfortunately, I noticed that by mistake I forget to add both of my affiliation "Department of General Surgery, Mansoura University" beside "Department of General Surgery, Tor Vergata University." I understand that this is the authors' responsibility to check their affiliation, but I will appreciate of you make a corrigendum for this.  
Thank you in advance.

Mostafa Shalaby

The fourth author's affiliation should be corrected as follows.
