2016

2015

Hou, S., Shu, C., Zhao, S., Han, X., Li, Q. (2015). Crashworthiness design and comparative studies of single and multi-layered corrugated sandwich structures. 8th Australasian Congress on Applied Mechanics (ACAM 8), Barton, ACT: Engineers Australia.

Fang, J., Xu, F., Sun, G., Li, G., Gao, Y., Li, Q. (2014). Crashworthiness investigation for functionally graded thickness (FGT) circular column. 8th Australasian Congress on Applied Mechanics (ACAM 8), Barton, ACT: Engineers Australia.

2013

Wu, W., Liu, Q., Zong, Z., Sun, G., Li, Q. (2013). Experimental investigation into transverse crashworthiness of CFRP adhesively bonded joints in vehicle structure. Composite

2011

**2010**

**2009**

Graficas, Lda.

2008

Li, W., Lin, D., Li, Q., Swain, M. (2008). Bone remodelling due to dental prosthesis. *Joint 8th World Congress on Computational Mechanics (WCCM8) and 5th European Congress on Computational Methods in Applied Sciences and Engineering (ECCOMAS 2008)*, Venice, Italy: WCCM8 and ECCOMAS.

2007

Hou, S., Li, Q., Long, S., Li, G. (2007). Optimization Design of S-shaped Front Rail under Impact Loading with...
Crashworthiness Criterion. 7th World Congress on Structural and Multidisciplinary Optimization. International Society for Structural and Multidisciplinary Optimization.

2006

2005

2003

2002

Li, Q., Proos, K., Steven, G., Xie, Y. (2002). The role of Physical sensitivity in evolutionary topology design optimisation with multi-criteria and multi-physics. Proc. 5th World Congress on Computational Mechanics, Vienna: Vienna University of Technology.

2001
